PROFESSIONAL SUMMARY

Frontend Engineer with 2+ years of hands-on experience building web and cross-platform mobile applications with React, Next.js, React Native, Expo, and TypeScript. Focused on reusable component architecture, responsive UI, frontend performance, accessibility, testing, and maintainable production code. Comfortable working with modern state management, API integration, offline-first patterns, and CI/CD workflows.

PROFESSIONAL EXPERIENCE

Frontend Engineer — Apprex Systems

Hyderabad, Pakistan • Jan 2024 – Present

- Build and maintain web and mobile interfaces using React, Next.js, React Native, Expo, JavaScript, and TypeScript.
- Develop reusable UI components and scalable frontend structures with Tailwind CSS, SCSS, Bootstrap, shadcn/ui, and Radix UI.
- Integrate REST APIs, Firebase, authentication flows, WebSockets, and client-side data/state management.
- Improve performance, responsive behavior, accessibility, SEO, and rendering through practical frontend optimization.
- Work with SSR/SSG/ISR, PWA capabilities, internationalization, image optimization, Git, CI/CD, and collaborative development workflows.
- Write and maintain unit and end-to-end tests with Jest, Testing Library, Playwright, Cypress, and Vitest.

SELECTED PROJECTS

Messaging Application

React Native • Expo • TypeScript • Clean Architecture

Offline-first messaging application with Zustand state management, secure storage, animations, dark mode, testing, and production-focused architecture.

CryptoVault Pro

Angular • TypeScript • Signals • IndexedDB • PWA • Sentry

Cryptocurrency portfolio platform emphasizing structured frontend architecture, offline-capable storage, testing, PWA support, and runtime monitoring.

Frontend Nexus

HTML • CSS • JavaScript • PWA • Browser APIs

A dependency-free frontend reference project containing reusable UI patterns, browser API examples, and practical web development demonstrations.

Lumora Photo Gallery

React Native • Expo • TypeScript • React Navigation

Cross-platform photo gallery application with modern navigation, local persistence, responsive screens, and performance-conscious mobile UI.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, HTML5, CSS3, SCSS
Web	React, Next.js, Tailwind CSS, Bootstrap, shadcn/ui, Radix UI
Mobile	React Native, Expo, Expo Router, React Navigation
State & Data	Zustand, Redux Toolkit, TanStack Query, Firebase, SQLite, WatermelonDB
Testing	Jest, Testing Library, Vitest, Playwright, Cypress
Engineering	REST APIs, WebSockets, Git, GitHub, GitHub Actions, Docker, CI/CD, PWA, SEO, Accessibility
Design	Figma, Responsive Design, Component Systems, UI/UX Implementation

EDUCATION

Eagle House Higher Secondary School — Class 12 Student | Hyderabad, Pakistan

ADDITIONAL

Languages: Urdu (Native), English (Conversational) • Work preference: Remote / Hybrid
